Modern Social Theory

The meaning of 'theory' As a term of art, 'social theory' is a distinctly recent invention. No such term exists in English or in any other language before the twentieth century. And even in the twentieth century it is not common before about the 1940s. Auguste Comte coined the term 'sociology' in France in the 1840s, but 'sociology' too did not gain widespread currency as a term.
